EXPERIENCE

- Nine12 Architects (Nashville, TN)
Architectural Designer, August 2021 - Present
 - Meet with clients to discuss design requirements for historic renovations and additions following guidelines provided by Nashville MHZC
 - Gather necessary measurements, dimensions, and other routine calculations needed in order to begin the schematic design process
 - Provide clients with suitable design recommendations based on factors such as budget, the building site, recent trends and MHZC guidelines
 - Work collaboratively with Contractors, Landscape Architects, and Interior Designers to prepare drawings and documents for construction
 - Use AutoCAD to produce architectural plans and elevations for final construction use
 - Meet with contractors and developers to aid in management of construction
- Brentwood United Methodist Church (Brentwood, TN)
Graphic Designer, June 2020 - August 2021
 - Conceptualize, design and implement new graphic material for campus wide distribution reaching a congregation of over 8,000
 - Develop logos and branding material for events, series, and ministries
 - Coordinate across multiple teams to develop weekly announcements, Prayer Concerns, Worship Slides and Order of Worship for congregation
- Jeff Morrival Studio (Los Angeles, CA)
Architectural Design Intern, May - August 2019
 - Create and design 2D and 3D modeled architectural design using PowerCADD 9 and Rhinoceros
 - Assist in coordinating information and materials with clients and contractors
 - Collaborate with clients by touring showrooms and curating samples in order to develop a personalized product
- The Balta Group (U.S./Belgium)
E-Commerce Intern, November 2018 - May 2019
 - Create, edit and manage digital assets and product photography for multiple vendors including Target, The Home Depot, Wayfair, and Bed Bath & Beyond while following strict industry and company style guides
 - Work closely with managers and contracted photographers to coordinate and establish well-designed room scenes that push industry standards
- Berry College Office of Marketing and Communications (Rome, GA)
Creative Marketing Designer/ Photographer, August 2016 - December 2019
 - Responsible for designing and implementing art for a variety of print and digital publications circulating over 120,000 pieces annually
 - Communicate and order publications from print vendors and news/media outlets
 - Responsible for coordinating student workers, student models and photographers to schedule and execute photo shoots to support rebrand
 - Create, edit and manage digital photography assets using the digital asset management system called BrandFolder
